(b) This exemption shall not prevent the Town from reaching mutual agreement with Montgomery County for the enforcement of specific laws of the County or Town by County officials or their agents.

Section 2-202

Distribution of Absentee Ballots

(a) Any qualified and registered voter may apply in writing or in person to the Clerk-Treasurer or Board of Supervisors of Elections for an absentee ballot if he or she can not be present at any upcoming Town election.

(b) If an applicant appears to be eligible to vote as an absentee voter, the Clerk-Treasurer shall, as soon as practicable, deliver to him or her at the place so designated by the applicant, an absentee ballot and envelopes therefor, as hereinafter described in Subsection (f) below. If it appears that the applicant is not eligible to vote as an absentee voter, the Clerk-Treasurer shall, as soon as practicable, so notify the applicant.

(c) The Clerk-Treasurer shall deliver with each ballot and envelope instructions clearly explaining the manner in which the recipient may vote as an absentee voter under the provisions of this Article.

(d) The Clerk-Treasurer shall keep a record of applications for absentee ballots as they are received, showing the date received, the names and residences of the applicants, and places where such ballots were delivered, and, if any such applicants were rejected, the reasons for such rejections. Such applications and records shall be available for public examination for a period of six months after the election. The individual record of each voter to whom an absentee ballot was delivered shall be marked to indicate the fact that an absentee ballot was delivered to the applicant and the date of such delivery. Only those voters to whom absentee ballots have been delivered shall be permitted to use such ballots. No voter to whom an absentee ballot has been delivered shall be allowed to vote in person at the polls at the election, except as provided in Section 2-203 (c) of this Article.

(e) No more than one absentee ballot shall be delivered to any one applicant unless the Clerk-Treasurer has reasonable grounds to believe that the absentee ballot previously delivered has been lost, destroyed or spoiled.

(f) The form of ballots and envelopes for absentee voters shall be as follows:

(1) The ballots shall contain the words "absentee ballot" in large letters in a clear space at the top of each ballot and the signature of the Clerk-Treasurer.

(2) The following shall be delivered to the absentee voter:

(i) An envelope marked "Ballot Envelope" of sufficient size to contain the absentee ballot

- (ii) Another envelope, hereinafter referred to as the “Outer Envelope”, of sufficient size to contain the Ballot Envelope; and
- (iii) Oath of absentee voter as follows:

“I, _____, do hereby swear (or affirm) under penalty of perjury that I am legally qualified to vote in the Town of Kensington’s election to be held on _____; that I will be unable to vote in person on the day of such election because _____ as stated in my application for the enclosed ballot; that the enclosed ballot was marked secretly, folded and enclosed and sealed in the enclosed Ballot Envelope and in this envelope; and that I am now disqualified from voting in person in the Town election.”

(Signature of absentee voter)

Section 2-203. Procedures of Absentee Voting

(a) The procedure for absentee voting is as follows: The absentee voter shall mark the absentee ballot, insert it in the Ballot Envelope and then seal this envelope. The voter shall then insert this envelope, together with a completed and signed oath into the outer envelope, and then seal this envelope. The voter shall then deliver the foregoing to the Clerk-Treasurer or the Board of Supervisors of Elections on or before the close of the polls on Election Day.

(b) No absentee ballots actually received by the Clerk-Treasurer or the Board of Supervisors of Elections after the close of the polls shall be valid.

(c) Any person to whom an absentee ballot has been delivered who has not returned said ballot as provided in Subsection (a) above and who finds that he or she is able to vote in person at the polls on Election Day, may vote in such election if he or she delivers their unmarked absentee ballot, together with both the Ballot Envelope and the Outer Envelope, to the Board of Supervisors of Elections prior to the close of the polls. The Board of Supervisors of Elections shall clearly mark each of such materials “void” and shall enter in the appropriate register the fact that such materials have been returned but not used.

Section 2-204 Canvassing of Absentee Ballots

The procedure for the canvassing of ballots shall be as follows:

(a) The Clerk-Treasurer shall deliver all sealed Outer Envelopes received to the Board of Supervisors of Elections. No sealed Outer Envelopes shall be opened at any time prior to the canvassing of the absentee ballots.

(b) When an Outer Envelope is opened, the Board of Supervisors of Elections shall conclusively determine whether or not the person who has submitted the absentee ballot is a qualified, registered voter in the Town to whom an absentee ballot was delivered under this Article, has properly completed the oath specified in Section 2-202 (f) (2) (iii) above, and has not voted in person at the election. The Board of Supervisors of Elections shall then enter in the appropriate register the fact that the voter whose name appears on the oath has voted by absentee ballot. They shall thereafter separately open the Ballot Envelopes in such a manner that they are unable to match the name of the absentee voters with the particular absentee ballots that have been submitted. The Board of Supervisors of Elections shall then proceed to count and certify the absentee ballots.

(c) The Ballot Envelopes found to be invalid by the Board of Supervisors of Elections shall not be opened. The Board of Supervisors of Elections shall keep a record of all absentee ballots which have been rejected and the reason for each such rejection. Such record, and envelopes and oaths described in Section 2-202 of this Article shall be available for public inspection at the Town office for a period of six months after the election.

(d) Whenever the Board of Supervisors of Elections shall determine from proof or investigation that any person who has marked and delivered to the Clerk-Treasurer or Board of Supervisors of Elections an absentee ballot has died before Election Day, said Board of Supervisors of Elections shall not count the ballot of the deceased voter. If at or prior to the time of such counting and canvassing the Board of Supervisors of Elections shall not have determined that the absentee resident who marked a ballot had died before Election Day, said ballot shall be counted. The fact that said absentee resident may later be shown to have been actually dead on Election Day shall not invalidate said ballot or said election.

(e) For the purpose hereof the term “deliver” shall mean delivery by mail or by any other means.

Section 2-205. Nominations

Pursuant to Section 708 of the Town Charter, persons may be nominated for elective office in the Town by filing a certificate of nomination with the office of the Board of Supervisors of Elections on or before the second Monday in May preceding any Town election. (c) Non-incumbent candidates for elective offices and proposed appointees for any boards or commissions enumerated in Section 2-301 of this Article shall file statements consistent with the requirements of this Section at the time they file their certificates of candidacy or upon their nominations for appointment from the most recent January to the date of filing.

(d) All statements filed under this Section shall be retained by the Clerk-Treasurer for a period of at least three (3) years and shall be open to inspection and copying at the Town offices during regular business hours.

(c) If the Ethics Commission finds a violation of this Article, the Commission will notify the person in writing to cease and desist. If that person does not comply within the time frame noted, the Commission will ask them for their immediate resignation.

Article 4. Purchasing and Contracts

Section 2-401. Purpose, Scope

It is the purpose of this chapter to provide uniform procedures for the purchase and acquisition of materials, supplies, equipment and services on the most equitable and beneficial basis to the Town. It is the intent to provide for all purchases and contracts which may be necessary to the operation of the Town in this Article. Items, materials or services obtained from utility companies having exclusive franchises in the area are excluded from the provisions of this Article. Items, materials or services supplied to the Town by a contractor or developer as part of a permit-approved improvement are not subject to the provisions of this Article.

Section 2-402. Bidding Requirements

All materials, supplies, services, and equipment of more than \$30,000 in value and not excluded in Section 2-403 of this Article shall be purchased by means of a competitive bid process, as follows:

(a) Notice shall be provided in at least one newspaper of general circulation in Montgomery County for a minimum of one week prior to the date set for the opening of bids. Said notice shall include a brief description of the item or items to be bid, the time and location where specifications may be obtained for the item or items to be bid, the time and date on which sealed bids are to be received, the location to which bids are to be returned and any special conditions to which the item or items may be subject. The notice shall contain the time, date and location of the bid opening, and all such openings are to be public.

(b) Written specifications shall be provided to all parties responding to the notice of bid, and said specifications shall contain sufficient information to reasonably proscribe the item or items, services, materials, equipment, etc., being sought for purchase. The use of exclusive

specifications to the prohibition of equal items is prohibited. The specifications shall also contain any bond and/or other special conditions attached or made a part of the bid requirements. Bid forms may be provided. The Town reserves the right to reject any and all bids as is in its best interest.

(c) Tabulation of all bids and a recommendation shall be provided by Town Manager to the Mayor and Council. The Town Manager shall examine the qualifications of all bidders, and in the event that he/she shall determine that a bidder is not qualified by prior example, insufficient experience, insufficient financial capability or for any other reason, he/she shall so report to the Mayor and Town Council, who may declare the bid void.

Section 2-403. Exceptions

(a) Items, services or materials of not more than \$30,000 in value and authorized in the appropriation ordinance for the current year may be purchased on negotiation at the direction of the Town Manager in a manner approved by him/her.

(b) Whenever a Federal, State or Local Government, or any agency or unit thereof, whose purchasing policies are comparable to those of the Town of Kensington, has conducted a bid and awarded a contract, the Town Manager may purchase the bid item at the bid price from the successful bidder, subject, where required, to the approval of the Mayor and Council. Whenever the Town Manager elects to purchase an item, service or material from a successful bidder of another jurisdiction as provided for in this section, the Town Manager shall obtain a copy of the jurisdiction's purchasing policies. Further, the Town Manager shall enter into a contract with the successful bidder setting out the terms and conditions of the purchase.

(c) Nothing in this section shall be deemed to require the Town Manager to use another jurisdiction's bid process when purchasing items, services and materials. The Town Manager retains the right to issue a request for proposals for all items, services and materials purchased by the Town. Upon deciding to award a contract where the approval of the Mayor and Council is not required, the Town Manager shall immediately notify the Mayor and Council of the purchase. The notification shall contain:

- (1) A description of the item, service or material purchased;
- (2) The cost of the item, service or material;
- (3) Who is providing the item, service or material;
- (4) A description of the bid process used; and
- (5) A statement as to whether the successful bidder was the lowest most responsive and responsible bidder, and if not, why not.

Section 2-404. Awarding of Bids

The Mayor and Council shall approve all purchases in excess of \$10,000 by formal motion requiring a simple majority for approval. Such actions shall be taken at a regular meeting or at a duly called special meeting for that purpose. Except as provided in this Article, the Mayor and Council may, by an extra-majority vote, (defined as one more than a majority of those present

and voting) authorize the bypassing of any or all bid procedure steps in cases which, in the Council's judgment, warrant such action. By the same extra-majority vote, it may allow the Town Manager to directly negotiate with any supplier if it is in the Town's best interest to do so. Nothing herein shall be construed as limiting the Town Manager to purchase by negotiation items, services or materials of not more than \$30,000 in value.

Section 2-405. Professional Services Contracts

The Council may decide by an extra-majority vote (defined as one more than a majority of those present and voting) to authorize the Town Manager to enter into negotiated procurement for professional services rather than advertise. In such cases where this informal procedure is followed, approval of the contract negotiated by the Town Manager may not be made by the Council any sooner than the next regularly scheduled Council meeting. If the Council finds that an emergency exists, this latter requirement may be set aside by an extra-majority vote.

 - (a) while engaged in the performance of the activity authorized by the permit; or

(a) The Mayor shall cause to be prepared adequate plans and specifications for the construction, reconstruction, or repair of said sidewalks, including grading or regarding, and engineering estimates as to the present costs of the project, and report such findings to the Council.

If a majority of the Council votes to charge owners of abutting property a fraction of the costs of construction, reconstruction or repair pursuant to this Section, all owners of abutting property shall be given due notice of the fraction of the costs to be charged.

(d) If front foot benefit assessments are levied against abutting property owners, the amount of such assessment shall be based on the actual costs of the project, including costs of plans, specifications, engineering supervision, inspections, legal fees and all other proper expenses and charges. Ordinances making the levies shall be passed as promptly after the work is completed as is practicable, and all abutting property owners whose property is assessed shall be given written notice, stating the amount of the assessment and the terms of payment.

If a wider driveway is requested by a resident a hearing will be set to evaluate need.

(b) No permit required by this Section shall be issued without approval of the Mayor and Building Inspector.

(c) No permit shall be issued by the Building Inspector if he determines that the proposed driveway would:

pedestrians or otherwise presents a hazard to the public, the driveway apron shall be condemned by the Building Inspector who shall notify the owner of the property to repair the driveway apron. In the event that such owner shall fail within twenty (20) days to comply with such notice to repair or replace a condemned driveway apron, the Building Inspector may order that such repairs or maintenance be completed in a suitable manner by the Town and, in addition to any other penalties prescribed by law, the Council may order that the cost of same be charged against the property and collected as delinquent taxes are collected.

(g) Following the designation of a permit parking area, the Council shall authorize the issuance of appropriate parking permits and shall cause parking signs to be posted in the area, indicating the times, locations and conditions under which parking shall be by permit only. Permits shall be issued only to persons residing on or owning property immediately adjacent to a street or other public way within the permit parking area, one per vehicle registered to the household address. Parking permits issued under this Section are non-assignable and non-transferable and shall remain the property of the Town.

(h) Upon approval of an area as a permit parking area, any person residing or owning property within the designated area who wishes to apply for a parking permit shall file an application with the Clerk-Treasurer on forms provided for this purpose. Article 4. Historic Preservation

The Town accomplished the inclusion of its historic district on the National Register of Historic Places in 1980. In 1986, the district was designated as a Montgomery County Historic District. The district is distinguished as a collection of late 19th and early 20th century houses exhibiting a variety of architectural styles popular during the Victorian period including Queen Anne, Shingle, Eastlake, and Colonial Revival. The houses share a uniformity of scale, set back, and construction materials that when coupled with the subdivision plan creates a Victorian garden suburb. The Vision of Kensington has been adopted as the Preservation Plan for the Town's Historic District.

Article 1. Signs and Solicitors

Section 6-101. Signs and Billboards

(a) The Town shall have the power to enforce, and incorporates by reference herein as if fully set forth, the provisions of Chapter 59, Article F of the Montgomery County Code, as amended, entitled "Signs" which provides for the regulation of same, except as otherwise provided in this Code.

(b) Article 23A of the Annotated Code of Maryland provides that municipalities may make regulations for various purposes including signs.

(c) The following sections contain additional requirements that supplement portions of Chapter 59, Article F of the Montgomery County Code. In cases of conflict, the following sections shall supersede and take precedence over Chapter 59, Article F of the Montgomery County Code.

Section 6-102. Town Sign Permit Required

(a) It shall be unlawful to erect, construct, or alter a sign or part thereof without first obtaining a sign permit from the Town. Application therefore, together with a copy of plans and specifications for the work, shall be filed with the Clerk-Treasurer, who shall issue a permit at the discretion of the Building Inspector and Mayor.

(b) The permitting requirements of this Chapter do not exempt any person, firm, organization, or corporation from obtaining proper permits from Montgomery County as required by County law.

(c) Permit fees shall be set by resolution of the Council.

Section 6-103. Signs in the Public Right-of-Way

(a) Except as otherwise provided herein, it shall be unlawful to display or post any sign in a public right of way under the Town's jurisdiction.

(b) It shall be unlawful to attach any otherwise lawful sign to utility poles, trees, fences or other signs in the public right of way.

(c) It shall be lawful to post or mount in the public right of way for up to 24 hours (48 hours on weekends) only, limited durations signs announcing yard, garage or estate sales; special events open to the public; or real estate open house directions. The minimum time

between lawful postings shall be five (5) days. All such signs posted for more than 24 hours (48 hours on weekends) shall be considered a nuisance and are removable without notice by a public or governmental official at anytime thereafter, unless said signs have been authorized to remain by the Town government. Lawful postings may not be installed by glue or other means, which would leave residue on the substrate after the posting has been removed. Lawful postings may not block or obstruct any permanent signage nor may they obstruct pedestrian or vehicular traffic or sightlines.

(d) Any otherwise lawful sign required by law or regulation, and signs used by a government agency or utility company erected by, or on the order of a public officer or utility official in the performance of official duties, such as controlling traffic, identifying streets, warning of danger, or providing information is exempt from this section.

Section 6-104. Signs on Private Property

(a) Intent – The purpose of the requirements set forth in this section which regulate the location, size, placement and certain features of signs is to enable the public to locate goods, services and facilities without difficulty, danger or confusion, to prevent hazards to life and property and to assure the continued attractiveness of the Town and the protection of property values.

(b) Comprehensive Signage Plan Required – For properties occupied by more than one (1) business/tenant, each sign for individual business/tenants shall be consistent and harmonious in terms of design, color, shape, size, style, material, and mounting with all other such signs on the building/center. Signs for individual businesses/tenants in a multi-tenanted building shall be placed only on the pedestrian levels of the building. A proposal for the entire building/center shall be submitted by the owner prior to the issuance of the first sign permit.

(c) Prohibited Signs - The following sign types are prohibited:

- Plexiglas face signs;
- Pole (freestanding) signs, except when located at retail shopping centers and grocery stores with greater than one hundred (100) parking places. Refer to the Montgomery County Sign Ordinance under "freestanding signs" for size, placement, height, and other limitations. Retail shopping centers and grocery stores will be allowed only one pole sign each;
- Ground (freestanding) signs exceeding six (6) feet in height or fifty (50) square feet in area. Refer to the Montgomery County Sign Ordinance under "freestanding signs" for placement and other limitations. Only one ground sign shall be permitted per record lot;

- Freestanding (pole and ground) signs that do not include a landscaped area at the base of the freestanding sign measuring a minimum of two (2) square feet for each square foot of sign area;
- Internally illuminated signs (except as provided below);
- Off-site signage (signs advertising products or businesses not related to the site, building, or property on which they are located);
- Portable, temporary, or A-frame type signs or message boards.

(d) Illumination (External) - Exterior sign illumination shall be discrete, uniform, and compatible with the architecture of the structure. The light source shall only illuminate the sign and shall not glare, reflect, or shine onto public ways, streets, park areas, or residential properties. The light source shall be shielded or controlled such that it does not shine above or beyond the sign thereby contributing to light pollution. On properties abutting or confronting residential property, all signage illumination light sources (including neon) must be turned off when the business is not open for public access or before 10:00 p.m. daily, whichever occurs first.

(e) Illumination (Internal) - Internal or backlit illumination shall only be allowed in pole signs, individually mounted channel letters, or in box signs with opaque (non-plastic) face panels that utilize routed ½” minimum push-through text or overlay translucent text material. Individual letters shall be mounted directly to the building or on raceways mounted letters.

(f) Allowable Signage Calculations – Signage calculations shall include window signage of all types including neon signs. Symbols, letters and logos count towards total signage. Properties abutting or confronting residential property shall be limited to one (1) square foot of signage for each lineal foot of building frontage.

(g) Applicability - All new commercial signage, repairs to existing signage, changes to sign text, tenancy changes, property ownership changes, business name changes, or use changes must comply with this Ordinance. Whenever an existing sign is altered, it shall be modified to bring it into conformance with this chapter. Whenever any existing business/tenant/owner erects a new or additional sign, all signs on the premises pertaining to that business/tenant/owner shall be modified to bring them into conformance with this chapter. Any sign lawfully existing immediately prior to the effective date of this section, but which does not conform to the requirements as now constituted or as they may hereafter be amended from time to time, shall be removed or modified to come into compliance with this article within five (5) years from September 1, 2009. The Town may elect to require removal of signs erected more than twenty years prior to September 1, 2009, upon payment of just compensation based on the depreciated value. Signs installed by the Town of Kensington or signs at fire stations, places of worship and public libraries, any sign required by law or regulation by a governmental agency or utility company erected by, or on the order of a public officer or utility official in the performance of official duties, such as controlling traffic, identifying streets, warning of danger, or providing information are exempt from Section 6-104 titled Signs on Private Property.

(h) Additional Restrictions for Signs Within the Historic Commercial District (Howard Avenue, Armory Avenue, Fawcett Street, St. Paul Street, and Montgomery Avenue)

The following types of signs are not permitted in the historic commercial district unless a variance is granted by the Council:

- Internally illuminated signs;
- Neon signs or neon decorations.

(i) Variance Procedure:

If a signage permit application is denied by the Town, an applicant may seek a Variance from Section 6-104 (the Town supplement to Montgomery County Chapter 59-F) where the Council finds that:

- 1) strict application of the Town regulations would result in peculiar and unusual practical difficulties to, or exceptional or undue hardship upon, the owner of the property or owner of such sign;
- 2) the variance is the minimum reasonably necessary to overcome any exceptional conditions; and
- 3) the variance can be granted without substantial impairment of the intent, purpose and integrity of this Article. A variance decision must be based on consideration of:
 - a. one or more of the following elements: size, shape, color, design elements, location or cost of the sign; and
 - b. the compatibility of the proposed sign with the surrounding property, the proximity of other signs, and the characteristics of the area; and
 - c. confirmation that the property and all other signs on the property are in conformance with the Article; and
 - d. recommendations of the HPC if located in the Historic District and if requested by the Council or offered by the HPC.

The Council may impose conditions and terms on a sign variance; and revoke any previously granted sign variance when it determines: 1) the applicant supplied inaccurate information to the Council, or 2) the terms of the variance set by the Council have not been met or have been violated. The Council may establish a detailed variance application, checklist and charge fees for the consideration of variances requests. This provision shall not permit the Council to grant a variance allowing any sign prohibited under Montgomery County Chapter 59-F-7.

(c) A franchisee must, at its sole cost and expense, indemnify, hold harmless, and defend the Town, its officials, agents, and employees, against any claims, suits, causes of action, proceedings and judgments for damages or equitable relief arising out of the construction, maintenance, or operation of its system regardless of whether the act or omission complained of is authorized, allowed or prohibited by the franchise. This requirement includes claims arising out of copyright infringement or a failure by the franchisee to secure consent from the owner, authorized distributor, or licensee of a program to be delivered by the system.

A transfer of the franchise must not occur without the prior approval of the Town.

Section 6-714. Revocation or Termination of Franchise.

The Town shall give a franchisee written notice that it is in material breach of this Chapter or franchise agreement. If the franchisee does not correct the breach within 30 days of notice, or correctional action is not being actively and expeditiously pursued, the Town shall give written notice to the franchisee of the revocation of the franchise.
