September 12th Town Council Meeting— Mayor Furman, Council Members Bartram, McMullen, Rodriguez, and Rollins, Town Manager Daily, Assistant Town Manager Hoffman, and Clerk-Treasurer Engels were

present. The Pledge of Allegiance was recited and a Moment of Silence was observed to honor the victims of September 11th.

The Town Meeting Minutes from August 8, 2016 were reviewed and approved. See Council Actions.

From the Mayor and Town Council –

Council Member Bartram stated he was appreciative for another successful Train Show event.

Council Member McMullen reported that the Traffic Committee will convene on September 22nd and will discuss the intersection of Calvert Place and Washington Street; Mr. McMullen also noted he attended the Greenscape Committee meeting; and thanked the Town staff, Crew, and Volunteers for the successful Labor Day Parade and Festival.

Council Member Rodriguez reported that the Greenscape Committee discussed the aesthetics, maintenance, and replacement schedule of sidewalks; noted the Composting subcommittee updated the full Committee on composting options; and stated that the Fountain Committee reported that they have received \$27,000 in donations and are anticipating reaching their \$30,000 goal by the spring. The Events Committee met and is actively working on a handbook for community events and will be meeting next month. Mr. Rodriguez also noted that he attended the Kensington CAN business meeting, and announced the upcoming open houses for both Kensington Park Assisted Living and Jenny Cakes.

Mayor Furman suggested the Greenscape Committee review the replacement of the walking path within St. Paul Park, which needs to be included within the CIP; and noted she received positive feedback on the new parade route.

TOWN MINUTES

Council Member Rollins stated that the Kensington CAN business reception was very well attended, and noted that the crosswalk along Metropolitan Avenue has been striped; however, it is still missing the signage.

Mayor Furman reported she attended the Labor Day Parade and Festival, model Train Show, and the Kensington CAN business reception, which was well attended. Ms. Furman also thanked Peter Fosselman and Maier Warner for their efforts in reaching out to the business district.

From the Town Manager and Staff

Mayor Furman announced that the Town had received an appeal from Michael O'Connor, Frederick Avenue, in accordance with Section 706 of the Town Charter, requesting the opportunity to cast a write-in vote for as many positions as are to be filled on the Town Election ballot. Ms. Furman noted that the Town Attorney had written an opinion on the appeal and stated that the Town does not specifically allow for write-in candidates on the ballot, and that the appeal should be denied.

Council Member McMullen stated that the Board of Election acted properly by not allowing write-in candidates on the ballot, and noted that an individual wishing to run for office only needs to submit a certificate of nomination.

Council Member Rodriguez stated that the provisions within the Charter could be amended to allow for write-in candidates.

Council Members Bartram and Rollins concurred that an amendment was not necessary, per Council Member McMullen's observation of the ease to be nominated. See Council Actions.

Tim Willard informed the Council that even

State level elections require a write-in to file well in advance of the election.

Town Manager Daily stated that the previous Council approved the installation of speed humps along Dupont Avenue, and the Town's Traffic Engineer suggested appropriate locations; however, the Town staff has since received feedback from Residents opposing the placement of the speed humps.

The Council discussed the concerns and concurred to collect data with the radar recording device before the humps are installed and then again after the humps are installed.

Council Member McMullen suggested that he and Assistant Town Manager Hoffman meet with the Residents to discuss possible locations.

Mayor Furman stated that any future speed hump requests will need to be submitted through a formal petition, so that everyone on the street has been consulted. There were no public comments.

Christiane Graham, Cedar Lane Unitarian Universalist Church, along with other members of the Church's Environmental Ministry, discussed concerns over the State of Maryland's pending fracking ban expiring in October 2017. Ms. Graham urged the Town to pass a resolution in support of the fracking ban within Maryland.

Mayor Furman thanked the group for their concerns and asked that additional information be provided to the Town staff.

From the Public –

Joseph Campbell spoke in support of the changes made to the Labor Day Parade and Festival; and stated that although he missed the meeting on extending NZI's street paving

TOWN MINUTES

contract, he wanted to note that they are unresponsive to concerns and are aggressive with tree root removal. Mr. Campbell also noted the hazard along Kensington Parkway access road if two vehicles park across from each other and suggested painting the curb yellow or adding no parking signs; and he requested additional information on the new Montgomery County Police bicycle program.

Alison Oppenheim requested that the Town take over responsibility for the flower garden on the south side of Baltimore Street, as she will no longer be able to maintain the garden, and also requested that the Town Crew include Noyes Library to their mowing schedule.

George Buckwalter requested traffic enforcement on Howard Avenue; the fountain at Howard Avenue Park be addressed; and asked about the dumping behind the Huggins property on Connecticut Avenue.

Council Member Rollins suggested a traffic control device at the intersection of Howard and Fawcett to slow down traffic.

Council Member McMullen stated the Traffic Committee had reviewed a possible three-way stop at a previous meeting, but took no action following the data from the radar recording device. However, Mr. McMullen noted that the Committee could take the issue back up at the next meeting.

Alice Kessler stated she supports a three-way stop at the Howard Avenue and Fawcett intersection to improve safety, and noted she did not receive the last mailing of special events.

Mayor Furman stated that there was confusion by Maier Warner on the mailing list; however, they corrected the issue and the apartments should be receiving the mailer on Friday; and the Town has contacted the Huggins property

owners to discuss the illegal dumping.

Paul Sexton informed the Public that Edward Jones will be hosting a presentation on Wills and Estates on Tuesday, September 13th, 6:30 pm, at Town Hall.

Mayor Furman noted that Public Comment was received following the Public Hearing with regards to parking on the street for more than 48 hours.

Council Member Bartram stated he reviewed Ordinance No. O-02-2016 and was proposing two Amendments: 1) modify the Ordinance to allow for one (1) commercial vehicle to be parked in the street per residency; and 2) eliminate the restriction on advertising so not to adversely affect local businesses.

Council Member Rollins suggested that residents with a driveway be required to park a commercial vehicle within the driveway instead of the street.

TOWN MINUTES

Mayor Furman questioned the legality of requiring residents with a driveway to park any commercial vehicles within their driveway, while allowing other residents to park commercial vehicles within the street.

Council Member Bartram stated that the Council could address advertising on commercial vehicles separately, if it becomes a problem within the Town.

The Council concurred on Council Member Bartram's Amendments; however, they decided to postpone action until the October 10th meeting to discuss the Amendments with the Town Attorney.

Cabaret takes place from 1929-1930, a time when Berlin, in the midst of a Post-World War I economic depression, is transitioning from a center of underground, avant-garde cultural epicenter to the beginnings of Hitler's totalitarian regime and the rise of the Nazi Party.

With a distinctly Brechtian dose of provocation and a score featuring songs that have become classics of the American Musical Theater, *Cabaret* is a fierce, meaty musical that pushes the boundaries of the form and literally holds "the mirror up to nature."
