- Permits Issued p. 3
- Council Minutes p. 4
- Community p. 7
Special thank you to Council Member McMullen, Town Clerk Susan Engels, Asst. Town Manager Matt Hoffman and Town Manager Sanford Daily for their steadfast work on the annual budget. The budget is an ever evolving process that has improved each year, producing a balanced financial plan, easily read and understood; depicting how our tax money is used to serve Kensington residents.

The Town and the Kensington Volunteer Fire Department intend to sponsor Movie in the Park again this season. Stay tuned for details. Thank you to President Steve Semler and Chief Jayme Heflin.

I recently attended and spoke at the KVFD’s dedication of the new custom-designed Pierce “pumper” fire engine “E705”. This state of the art $600,000 fire engine is being made possible by the generosity of the contributions from Kensingtonians. The new fire engine was dedicated in memory of the late Deputy Fire Chief Robert “B.T.” Tantardini, who devoted a lifetime of distinguished service to KVFD and our community.

Thank you to the Kensington Park Community and Director Barbara Duncan for having me as a guest speaker to address the latest happenings in Town. To my pleasant surprise, much of the discussion focused on the Sector Plan and new development.

I was also invited to speak at the ribbon cutting for one of our newest businesses, Java Nation, located in the Kensington Shopping Center by Hardware City. Java Nation serves various coffee beverages as well as breakfast and lunch foods; and soon to be open in the evening with a dinner menu. Thank you to the owner Henry and the General Manager Brian for including the Town in their new venture’s beginning. (Photo courtesy of Barrie Carr)

Town Staff, Montgomery County’s Park & Planning Staff and I met out on the south side of Town to address the clean-up of Silver Creek and the invasive plant species as well as replanting the area. A plan will be presented at an upcoming Council Meeting.

From the Mayor and Town Council –

Mayor Fosselman deferred his report until the March 10, 2014 Council Meeting.

All questions and concerns with regards to the Budget may be sent to Mayor.Council@tok.md.gov or asked at the March Town Meeting(s).

Council Member Furman stated that the sub-committee of the Design Guidelines Task Force will be writing the proposed guidelines themselves instead of using an outside contractor. The draft guidelines will be presented to the full Committee prior to being brought before the Town Council. The Committee has discussed the possibility of hiring a consultant once they have established firm guidelines to review. The consultant fee is expected to be less than $1,000. Council Member Furman noted that the Town Map is moving forward and she expects a final draft soon.

Council Member Bartram had no report.

Council Member Sexton reminded Residents that the Town will be meeting with County officials for a Silver Creek walk through on March 7th beginning at 10 am. All are welcome to join in the discussion/walk.

Town Council Summary

- Approved the Town Meeting Minutes from February 24, 2014.
- A Courtesy Review was held on proposed new homes at 3912 and 3916 Baltimore Street.

March 24, 2014—Mayor Fosselman, Council Members Bartram, Furman, McMullen, and Sexton, Town Manager Daily, Assistant Town Manager Hoffman, Clerk-Treasurer Engels, and Town Building Inspector Stablow were present. The Pledge of Allegiance was recited and a Moment of Silence was observed for Jean Thompson, who recently passed away, and to keep Council Member Furman’s son serving in Afghanistan in our thoughts.

The minutes from February 24, 2014 were reviewed and approved. See Council Actions.

From the Mayor and Town Council –

The Mayor reported the planter pots along Connecticut Avenue are for sale at a cost of $25, in preparation for the State Highway Administration’s (SHA) upcoming paving and refurbishing project. Silver Creek – attended a follow up meeting with the Department of Environment regarding flooding issues; a solution is being discussed within the Department. Budget – met with Town Manager Daily and Council Member McMullen to discuss the budget; the Public Hearing will be held on April 14, 2014, 7:00 pm.

Council Member McMullen thanked the Public Works Crew for excellent snow removal on the March 17th storm and reported a follow up meeting with the Traffic Committee was held on March 13th to discuss business area parking - the Committee suggested keeping the four hour limit, continuing enforcement, and working with businesses to find dedicated spots for a new business parking permit – they are still waiting on information from businesses on the amount of spaces needed. The Committee will also review whether local traffic only may be used for some areas. He reminded Residents that the Council will be accepting questions with regards to the FY 15 Budget prior to the Public Hearing on April 14, 2014. All questions and concerns with regards to the Budget may be sent to Mayor.Council@tok.md.gov.

Council Member Bartram reported that he attended the Traffic Committee meeting and 3rd Thursday; and also informed Residents that the March Town Journal contains information on a home energy audit he had done.

A courtesy review for two new homes to be built at 3912 and 3916 Baltimore Street was held. George Myers, GTM Architects, gave an overview of the proposed homes, which he stated are designed to fit the neighborhood with a similar size and scope of the existing homes on Baltimore. He stated that throughout the design process, they have worked with
the Local Advisory Panel (LAP) and Historic Preservation Commission (HPC) to preserve as much as possible within the current landscape. He stated a variance may be necessary for one property, due to the positioning suggested by the HPC. In response to questions, Mr. Myers explained that the retaining wall would be stone and an easement is needed for a driveway on one property because of spacing and the property not being subdivided. Barry Peoples stated the houses were the best overall design, which was achieved by the architect and builder working with the HPC in the initial stages.

Public Appearances –

Barry Peoples suggested that with completion of the Sector Plan, there is an opportunity to work together for revitalization - he suggested HOC could be relocated closer to mass transit and the space used as a recreation area; Noyes Library renovation may be able to move forward in phases; improvement of the Mizell property; a county recreation center could be provided if Kensington Cabin was renovated; and Warner Manor could house a satellite art museum. Council Member Furman noted there may be grant restrictions on the uses for Warner Manor.

Jill Crump noted that the businesses parking along Howard and Fawcett directly affects the availability of off street parking for the apartments on Fawcett Street. The Mayor noted the Traffic Committee has been discussing business parking and the Town will enforce the parking restrictions; and he apologized for the Town not recognizing the ongoing culprit noted by Ms. Crump. Council Member Furman stated weekend enforcement may also need to be considered.

Yvonne Gurney noted that in the past, Kensington Cabin was used for small recreational activities; such as guitar lessons, and questioned the completion of landscaping at Kensington Cabin Park. The Mayor will contact Mr. Riley, Deputy Director with MNCPPC, and check on landscaping and water pooling at Kensington Cabin Park.

Council Actions –

Council Member McMullen moved to approve the minutes from the February 24, 2014 Town Meeting. The motion passed unanimously.

Council Member Sexton moved to adjourn the meeting at 7:55 p.m. The motion passed unanimously.
