**Greenscape Committee Meeting Notes
Ernest Memorial Park
Friday, October 18, 2024, 9:00am**

Attendees: Ann Lichter, Tracey Furman, Katherine Wood, Beth Pierce, Yvonne Gurney, Helen Wilkes, Alex Marini.

The Greenscape Committee met at Ernest Memorial Park with town staff and the arborist from the Mulheron Tree Experts to review the trees onsite and discuss maintenance. The goal is to remove ailing trees or trees not well-suited for the site and prune back overgrown trees so that the park looks nicer, has better visibility, and can be assessed for how to incorporate new vegetation and design elements. The group identified several trees that need to be pruned or removed. Mulheron's arborist will provide a quote to the Town for consideration. The committee also discussed planting more holly trees along Connecticut Avenue for screening on the west side of the rain garden, but no decisions were made.

Beth Pierce also shared the results of her conversations with several people who were involved in various efforts related to the design of Ernest Memorial Park for the Committee's consideration.
